Adding items from list of groceries(items) -Selecting the grocery list to search for items that were not part of the search result and adding cheese

The image shows a web application interface for a grocery store. At the top, there is a navigation bar with 'Home' and 'Groceries' links. On the right side of the navigation bar, there is a user profile icon labeled 'eder', a 'Logout' button, and a shopping cart icon showing 4 items. The main content area has a heading 'Groceries' and a subtitle 'Current products in the shop!'. Below this, there is a grid of six product cards. Each card features a red shopping basket icon containing various grocery items. The products are: Apples Kg (Produce, Fruits) priced at 1.49 €, Carrots Kg (Produce, Vegetables) priced at 0.69 €, Cheese (Dairy, Dairy) priced at 1.99 €, Oranges KG (Produce, Fruits), Beef (Meat, Beef), and Milk (Dairy, Dairy). Each product card includes a quantity input field with the number '1' and a blue shopping cart icon.
